

THE
MEDIATION ASSOCIATION
OF COLORADO

“Advancing Mediation Statewide”

Who are we?

The Mediation Association of Colorado (**theMAC**) is a non-profit organization dedicated to promoting the development and excellence of the mediation profession in Colorado and the use and understanding of mediation as an alternative means of dispute resolution.

Our Mission and Vision

Mission: Advance mediation through education and information, increase demand for qualified professionals, and provide networking and support to improve the quality of mediation.

Vision: Achieve an environment in which the public values and seeks mediation as an effective choice to resolve disputes. **theMAC** connects the public to our qualified professionals who are easily accessible and able to address the evolving needs of a diverse population across Colorado.

Who Are Our Members?

- Professional: trained, experienced, qualified mediators with a commitment of continuing education
- Standard: anyone interested in mediation and supporting the mediation profession
- Associate: full time students or volunteer mediators

What is Mediation?

Mediation brings together two or more parties to work with an impartial third party (the mediator) to generate their own solution to a dispute. If the same dispute is decided by a judge then one party wins and one party loses. Mediation is about jointly finding a solution that works for both parties.

How Can Mediation Help You?

- It gives power to the parties instead of the court
- The process can be quicker, less expensive and more amicable than litigation
- Can be used in numerous types of cases: Families/Divorce, Will/Probate, Consumer/Debt, Business/Contract, Labor, Medical/Insurance, Neighbors, Real Estate, Landlords/Tenant & Public Policy

How Can We Help You Find a Mediator?

Finding a professional mediator with training and experience can be challenging. **theMAC** makes this process easier. Call us or go to our website to use our Find-A-Mediator tool to locate a Professional Mediator near you.
